Please complete Page 2

The Delaware Clean Vehicle Rebate Program provides rebates for the purchase or lease of **new** battery electric and plug-in hybrid electric vehicles as well as dedicated propane and dedicated compressed natural gas vehicles (full program guidelines).

To be eligible for a rebate under Funding Round Five, the vehicle must be new and purchased or leased before April 30, 2023 and have a Total Vehicle Price of $60,000 or less.

Applications must be submitted within 90 days of the vehicle's purchase date.

**The Delaware Division of Climate, Coastal, and Energy reserves the right to suspend or extend the program at any time based on availability of funding.*

Applicant Eligibility

The following individuals and entities are eligible for rebates under the Delaware Clean Vehicle Rebate Program:

- *Delaware residents;*
- *Businesses, non-profit organizations, or other organizations with both a physical locations and address in Delaware and a Delaware business license;*
- *State agencies or departments, schools, municipal or county governments in the State of Delaware or;*
- *Active duty military members stationed in Delaware with a temporary Delaware residential address but with permanent residency in another state.*

Purchased Electric Vehicle Eligibility

The following criteria must be met in order for an electric vehicle to qualify for a rebate (list of eligible vehicles):

- *Battery Electric Vehicles – Vehicles that are powered by high-capacity batteries that are charged using an external power source. Battery Electric Vehicles do not have a gasoline or diesel internal combustion engine (e.g. the Chevrolet Bolt).*
- *Plug-in Hybrid Electric Vehicles (PHEV) – Vehicles that use batteries that are charged by an external power source in conjunction with a gasoline or diesel internal combustion engine (e.g. the Toyota Prius Prime).*

Type of Vehicle/Vehicle Technology	Rebate
New Battery Electric Vehicles (including vehicles with gasoline range extenders) under $60k Total Vehicle Price	$2,500
New Plug-in Hybrid Electric Vehicles under $60k Total Vehicle Price	$1,000
Vehicle-to-Grid capable Battery Electric and Plug-in Hybrid Electric Vehicles	$1,000
New Dedicated Propane or Natural Gas Vehicles	$1,500
