

Rating Bureau, offers Delaware employers an opportunity to lower workers' compensation insurance premiums by participating in the Delaware Workplace Safety Program. Businesses may earn discounts of up to 19 percent by providing and maintaining a safe place to work. More information about the program may be found on the Department's website at <https://insurance.delaware.gov/services/workplacesafetydiscount/>.

The Department is proposing to amend Regulation 802 to specifically emphasize the availability of discounts that may be available to those employers who otherwise qualify for the program and who implement a drug-free workplace program at their worksites.

The Department is also taking the opportunity of this proposal to strike out subsection 7.3 concerning inspections by the Department of Labor, since the Department of Labor does not conduct such inspections, and to make grammatical and formatting edits to the remainder of the regulation.

C. Notice and Public Comment

The Department does not plan to hold a public hearing on the proposed amendments to Regulation 802. The proposed new regulation appears below and may also be viewed at the Department of Insurance website at <http://insurance.delaware.gov/information/proposedregs/>.

Any person may file written comments, suggestions, briefs, and compilations of data or other materials concerning the proposed amendments to the regulation. Any written submission in response to this notice and relevant to the proposed amendments must be received by the Department of Insurance no later than 4:30 p.m. EST, the 31st day, December, 2019. Any such requests should be directed to:

Leslie W. Ledogar, Regulatory Specialist

DEPARTMENT OF NATURAL RESOURCES AND ENVIRONMENTAL CONTROL

DIVISION OF AIR QUALITY

PUBLIC NOTICE

1124 Control of Volatile Organic Compound Emissions

Since the early 1990s, Delaware's ambient air quality has been in nonattainment for the health based air quality standard for the pollutant ground-level ozone. Because gasoline vapors contain volatile organic compounds (VOC) and contribute to the formation of ground-level ozone, Delaware implemented, in 1993, 7 DE Admin. Code 1124 Section 26 and Section 36. Sections 26 and 36 contain requirements to control gasoline vapor emissions from gasoline tanks and motor vehicles at any gasoline dispensing facility (GDF) with a monthly throughput greater than 10,000 gallons (Stage I and Stage II vapor recovery). In addition, since 1998, automobile manufacturers have been required by the federal Clean Air Act (CAA) to install on-board refueling vapor recovery (ORVR) systems on new vehicles.

The ORVR system is effective for controlling gasoline vapor emissions from refueling the ORVR equipped vehicles. However, when Stage II vapor recovery equipped GDF's are refueling ORVR equipped vehicles, fresh air is ingested into the GDF gasoline storage tanks, which leads to vapor growth in the gasoline storage tanks and vapor emissions from those tanks through leaks and pressure relief valves. The CAA allows Delaware to phase-out Stage II vapor recovery requirements, provided overall emissions do not increase.

The Division of Air Quality (DAQ) of the Department of Natural Resources and Environmental Control (DNREC, or the Department) is proposing amendments to Section 26 and Section 36 to require (1) any new GDF to install a Stage I Enhanced Vapor Recovery (EVR) system, instead of a Stage II vapor recovery system, at construction, and (2) any existing GDF to decommission its Stage II vapor recovery system by December 31, 2021

and to install a Stage I EVR system by December 31, 2025. The proposed amendments will also require a regulated GDF to monitor vapor-tight status of its gasoline storage tanks by performing annual pressure decay tests or by installing a continuous pressure monitoring (CPM) system.

DAQ is also proposing to submit to EPA a revision to Delaware State Implementation Plan (SIP), entitled "Decommissioning Stage II Vapor Recovery Systems and Requiring Stage I Enhanced Vapor Recovery Systems at Gasoline Dispensing Facilities." The objectives of the proposed SIP revision are to (1) analyze the regulatory impacts of the above regulation amendments on Delaware's emissions of volatile organic compounds (VOC), and (2) demonstrate that the above regulatory amendments meet the anti-backsliding requirements of the CAA Sections 182(b)(2) and 110(l).

A public hearing will be held on January 8, 2020, beginning at 6:00 pm, in DNREC Auditorium, 89 Kings Highway, Dover, DE 19901. Persons wishing to comment on the proposed amendments may do so either orally or in written form at the public hearing on January 8, 2020. In lieu of attending the public hearing, written comment may be submitted to the Hearing Officer via the online comment form at <https://dnrec.alpha.delaware.gov/public-hearings/comment-form/>, via email to DNRECHearingComments@delaware.gov, or via USPS to the below address. The Department will accept public comment through the close of business on Thursday, January 23, 2020.

Theresa Newman, Hearing Officer
DNREC – Office of the Secretary
89 Kings Highway, Dover, DE 19901

DIVISION OF STATE POLICE

1300 BOARD OF EXAMINERS OF PRIVATE INVESTIGATORS & PRIVATE SECURITY AGENCIES

PUBLIC NOTICE

Notice is hereby given that the Board of Examiners of Private Investigators and Private Security Agencies, in accordance with 24 Del.C. Ch. 13 proposes to amend the following adopted rules in 24 DE Admin. Code 1300 Board of Examiners of Private Investigators and Private Security Agencies: Rule 1.0 Firearms, and Rule 4.0 Training Requirements. If you wish to view the complete Rule, contact Ms. Ashley N. Bauguess at (302) 672-5337. Any persons wishing to present views may submit them in writing, by January 2, 2020, to Delaware State Police, Professional Licensing Section, P. O. Box 430, Dover, DE 19903. The Board will hold its quarterly meeting Monday, January 27, 2020, 10:00am, at the Tatnall Building, 150 Martin Luther King, Jr. Boulevard South, Room 112, Dover, DE.

DEPARTMENT OF STATE

DIVISION OF PROFESSIONAL REGULATION

2900 REAL ESTATE COMMISSION

PUBLIC NOTICE

Pursuant to 24 Del.C. §2906(a)(1), the Delaware Real Estate Commission has proposed revisions to its rules and regulations.

A public hearing will be held on January 9, 2020 at 9:00 a.m. in the second floor conference room A of the Cannon Building, 861 Silver Lake Boulevard, Dover, Delaware, where members of the public can offer comments. Anyone wishing to receive a copy of the proposed rules and regulations may obtain a copy from the Delaware Real Estate Commission, 861 Silver Lake Boulevard, Dover, Delaware 19904. Persons wishing to submit written comments may forward these to Danielle Cross, administrative specialist for the Commission, at the above address or at danielle.cross@delaware.gov. Pursuant to 29 Del.C. §10118(a), the final date to receive written comments will be **January 24, 2020**, which is 15 days following the public hearing. The Commission will deliberate on all of the public comments at its next regularly scheduled meeting.

The Commission's proposed regulations include a new subsection 8.5 which sets forth requirements for real estate "teams". New subsection 9.0 addresses the scope of permissible activities under the property management
