Mrs. Smith,

We have reviewed the draft permit for the Croda APC-2020/0070-CONSTRUCTION(FE). Based on our review we do not have any substantial concerns and will not be providing comments at this time.

If you have any questions in this regard, please contact me.

Thank you

**Draft/Proposed E-Mail Notification to EPA for 7 DE Admin. Code 1102 Section 12.4 Construction Permit Template**

Dear Ms. Opila:

As specified in the Memorandum of Understanding between EPA, Region III and DNREC, State of Delaware, attached is a "draft/proposed" 7 **DE Admin. Code** 1102 Construction Permit (Pre-Construction Review) for Croda, Inc. having a facility

at 315 Cherry Lane in New Castle, Delaware, together with DNREC's Technical Memorandum, and a copy of the required public notice. Please note the public comment period ends June 15, 2020. DNREC requests concurrent review of Croda, Inc.'s "draft/proposed" Construction Permit. Comments may be submitted for the "draft/proposed" Construction Permit on or before June 30, 2020.

Croda, Inc. intends to add a drumming tank for their two existing blend tanks. The Department will administratively amend Croda, Inc.'s Title V permit (**AQM-003/00058 (Renewal 4)**) to include all applicable requirements following issuance of the federally enforceable 7 **DE Admin. Code** 1102 Construction Permit.

Sincerely,

Melanie Smith, P.E.
