*This is being sent to Wilmington and New Castle County legislators and to leadership.*

Secretary Garvin wanted to inform you that the Department of Natural Resources and Environmental Control has issued public notice today of a joint public hearing on DNREC permits that will be required for the Port of Wilmington expansion. The hearing will be held virtually on September 29 at 6 p.m. The hearing notice is in local newspapers this morning, is going out on DNREC's regulatory notification lists, and is posted online at <https://dnrec.alpha.delaware.gov/events/joint-public-hearing-diamond-state-port-corporation/>

As described in the hearing notice: "The DSPC proposes to construct a new container port on the Delaware River at DSPC's Edgemoor property, located at 4600 Hay Road, Edgemoor, New Castle County, Delaware, 19809. This project will require the applicant to receive permits from the Department's Division of Water and Division of Waste and Hazardous Substances, as well as a Federal Consistency Certification from the Delaware Coastal Management Program."

A webpage with a description of the project and links to the various permit applications is at <https://de.gov/portproject>

I hope this is helpful.

- Greg Patterson
