Comments:

I am opposed to any port project that can cause us to have security concerns regarding shipping containers being owned/stored/managed by corporations such as GULFTAINER. This company has known ties to several countries that are enemies of the USA. As a retired military officer who has served at the highest levels of the military, including the Joint Chiefs and the Air Staff and has held the highest security clearances, I must request you not approve a company with such differing national interests than our own. It would be folly to allow any foreign company who represents enemies of the US to manage/control any properties along our national coastline.
