Comments on Docket #2020-P-MULTI-0024 (Port Project)

Name: David Ellis

Phone: 7197261564

Email Address: dai69@reagan.com

Organization: Self

Comments:

I respectfully request you deny GULFTAINER'S requests to build a new cargo container terminal as part of the Edgemoor Expansion of the Port of Wilmington. The national security concerns for the U.S.A. are immense and the tentacles and ownership of GULFTAINER are at the least highly suspect in this area of our security. Also, the recent unveiling of massive and egregious crimes committed by U.S. politicians in approving foreign projects on U.S. soil places this proposed project under a microscope. Even on it's face, this projects security concerns I believe outweigh any justification to approve this project for the current applicants. So it is imperative you deny GULFTAINER'S application at this time. I will contact the White House about this issue also at 202-456-1111.
