Comments:

Hello! I read about the proposed lease of the port to foreign nationals and this is wrong. What about our national security? Who will ensure US citizens are safe especially after all 9/11 taught us about our security vulnerabilities? Who stands to benefit financially by this lease? I read an article that explained: GULFTAINER, the foreign-owned seaports management company connected to Iraqi WMDs, Iran, Russia, China, and Russia's CLUB-K CONTAINER MISSILE SYSTEM, is NOT being blocked from building a cargo container terminal in Edgemoor, Delaware (as part of a Port of Wilmington expansion). Shocking! If more Americans knew about what was happening, you'd have a flood of comments. Where is the news reports on this handover of an important port to a foreign group? Why not put the security of ordinary Americans first over the financial deal-making that is going on for a few select elite parties? This is wrong.
