I am very concerned with the expansion of the Delaware port, specifically the fact that Gulftainer, is wanting to lease the port for 50 years. This is outrageous and I, an American citizen, oppose this. I believe it is NOT in America's best interest to sell our ports to foreign companies, this includes the COSCO transaction in Long Beach, CA. I'm no politician, but don't need to be one in order to understand that this can't be a good thing for our country. Money shouldn't be the deciding factor in everything that's done in this country! It's my belief that the US sovereignty, security and long term ability to be an effective economic leader should be the priority and I feel are at stake with these deals.
