Re: Diamond State Port Corporation (DSPC) Permit Application

Secretary Garvin,

Please accept this letter on behalf of Delaware Diversified Services in support of the Diamond State Port Corporation (DSPC) permit application to develop a new Container cargo port at the Edgemoor site. I am a business owner and have been in the area for 25 years plus. I support the expansion for many reasons. The expansion would help the economy by creating new jobs. A healthy economy would then lead to stabilizing communities. Once communities are stable more people would embrace home ownership. I understand firsthand the impact that the economy has on affordable housing and home ownership. Another reason I support the expansion is that it would create good paying jobs. We are living in a time where the next generation or two can't see a legal way up or out. These jobs would allow families to rise up out of poverty and take their rightful place in our society.

As a lifelong resident of Wilmington, I can assure you that this expansion is an opportunity for the DSPC to make a worthy investment in supporting the community by promoting economic growth and job creation. Thank you in advance for your consideration.

Sincerely,

*Michael D Williams*
