No comments will be taken in person during this hearing. Comments will be accepted using the DNREC comment form, via email, or by USPS mail as noted on the hearing event page (de.gov/dnrechearings)

Virtual Public Hearing for
Midway Services, Inc.'s
State of DE Non-Hazardous Liquid Waste
Transportation Permit Amendment

July 7, 2020

Department of Natural Resources and Environmental Control

Kathy Potter

Division of Water ~Groundwater Discharges Section

What is the Purpose of this Hearing?

- Provide the public an opportunity to comment on the Midway Service, Inc.'s State of Delaware Non-Hazardous Liquid Waste Transporter Permit amendment.

Who authorizes a State of Delaware Non-Hazardous Liquid Waste Transporter Permit?

- The State of Delaware's Non-Hazardous Liquid Waste Transporter Permits are issued by the Groundwater Discharges Section (GWDS) of the Department's Division of Water, under the authority of 7 DE Admin. Code 7101, *Regulations Governing the Design, Installation and Operation of On-Site Wastewater Treatment and Disposal Systems*
 - §5.3.32 *Transportation of Non-Hazardous Liquid Waste.*

What are some regulatory requirements?

- A transportation permit has regulatory authority over the vehicle transport activities. The transportation permit **does not** have regulatory authority over facility activities.
 - *5.3.32.1 No person shall haul, convey or transport any non-hazardous liquid waste in any container without a Class F liquid waste haulers license and a Non-Hazardous Liquid Waste Transporters Permit issued by the Department in accordance with 7 Del.C. §6003 (a)(2).*
 - *5.3.32.2 In order to obtain a Non-Hazardous Liquid Waste Transporters Permit, the applicant must submit a completed application, demonstrate proof of bonding (see Section 5.3.32.4) and adhere to the transportation requirements (see Section 5.3.32.5).*

Overview of Amendment

- Midway Services, Inc. (Midway) is currently permitted to transport septage, holding tank waste, grease trap waste/cooking oil waste, to be disposed of at the Kent and Sussex County sewer systems.
- Midway submitted an amendment request to include Clean Delaware, Inc. as a disposal facility for septage.
- Midway was permitted in their 2014 Permit to dispose of septage and holding tank waste at Clean Delaware.
- The permit amendment has met the regulatory requirements for a permit.

General Permit Conditions

- All non-hazardous liquid waste shall be transported only to authorized facilities.
- None of the wastes shall be deposited into ditches, watercourses, lakes, ponds, tidewater sources, landed property or at any point other than the authorized facilities mentioned [in the permit].
- All waste material collected by permittee shall be transported and disposed of in accordance with the regulations of the Department and upon authorization by the authorized facilities listed in the permit. None of these wastes may be disposed of within the State of Delaware without specific permission of the Department.

General Permit Conditions

continued

- Every vehicle used for waste transporting purposes shall be equipped with a leak proof tank or body and shall be maintained in a clean and sanitary condition. All pumps, hoses, and vehicle tanks or bodies shall be maintained so as to prevent leakage. Provisions shall be made to discharge all liquid waste through a leak proof hose from the tank compartment of the vehicle.
- All waste transporting truck pumping and discharge hoses shall be fitted with automatic shut off valves at the tank compartment of the vehicle(s).

General Permit Conditions

continued

- All vehicles used for transport shall be operated and maintained so as to be in compliance with all state and federal regulations and not present a hazard to human health or the environment through unsafe vehicle conditions. The permittee is responsible for the operation and maintenance of all vehicles operated under this permit.
- All transporters shall maintain a current copy of their plan for the prevention, control, and cleanup of accidental discharges on file with the Department's GWDS.

General Permit Conditions continued

- All transporters shall at all times maintain commercial automobile liability insurance with a combined single limit of at least One Hundred Thousand Dollars (\$100,000). Permittee shall maintain a current copy of a Certificate of Insurance demonstrating compliance with this requirement on file with the Department's Groundwater Discharges Section (GWDS).
- Any spill greater than 25 gallons shall be reported to the Department's GWDS in writing within five days of the incident and shall include the date, time, location, and measures taken to contain and clean spill.

Thank you for your interest and participation in the permitting process.
