I'm commenting in support of this application for a pier at 204 Salisbury St. We live 4 houses to the West, at 308 Salisbury St. This application is totally consistent with the houses around it, on the bay. One of the allures of Bay front living is the water access, and the ability to boat, as is evident by all the piers surrounding this location. To deny it while there are multiple similar piers on either side would be unfair, in my opinion. This location, fronting on a protected cove is ideal for a dock, so i hope you can approve this application, and treat this lot the same as the many surrounding lots with existing piers. Thank you, and feel free to reach out to me, if i can be of Further assistance. Andy Strine
