Comments on Docket #2020-P-W-0010

Name: Steve Montgomery
Phone: 202-841-6160
Email Address: Monty@TheStarboard.com
Organization: Dewey Business Partnership

Comments:

I am writing in support of a dock being built on the property at 204 Salisbury Street just outside of Dewey Beach, purchased a year ago by Scott Humphrey. I've known and worked in conjunction with Mr. Humphrey on multiple events for our community each year for the past 15 years. I can attest first hand that when he does anything, it is done in a first class way and he takes any and all possible effects of what he does into consideration. We are fortunate to have a man with values as Mr. Humphrey in our community, and his desire to build his dream beach home on the Rehoboth Bay have finally come to fruition. I'd ask this, why would anyone purchase an expensive home on the Rehoboth Bay if they could not install their own dock. Almost every house on that water has a dock, what legal objection could anyone have to this new home also having their own dock built. I wanted to write to show my full support as someone heavily involved here in our local community and knowing this area very well that Mr. Humphrey be allowed to install/construct a dock on his new property. Thank you for your understanding. Sincerely, Steve 'Monty' Montgomery The Starboard Restaurant Starboard RAW Bethany Blues Dewey Business Partnership
