To Whom It May Concern,

On behalf of the Lawton family project I am in favor of these fine people being allowed to gain approval for their pier and boat slips. This family has resided for several generations on this land. They have always respected and enjoyed what mother nature has given to us as Delawareans. As good citizens to our community I encourage the Department of Natural Resources to approve this project so these native of the area can enjoy the beautiful waterways for generation to come. Thank you for your time and consideration.

Respectfully,

Matt Brittingham
