

March 9, 2021

My name is Sam Paynter, and I have lived on the Lawton Farm for over 50 years. I think it is great that my family is trying to obtain a dock for their use. We are a family of boaters, and it would make things so much easier for all of us. Every other house on Herring Creek has a dock. I think it is only fair and right that we have one too.

There would not be any more boats on the water as it pertains to our family. They all have boats and use them often during the summer months. It would just make things so much easier for us.

Sam Paynter, Sr.
