Comments:

We reside at 23925 Sunny Cove Ct, Lewes, DE 19958, lot 53 in the Villages of Herring Creek on Rehoboth Bay. I spoke recently to object to this application for an extension of the original crabbing dock. The proposed revision to the original application still does not assuage my concerns. The dock will come directly into my backyard which I do not see mentioned anywhere in the drawings in regards to a 20" radius for noise, ease of access nor impact to the wetlands. This is not an extension straight out into the creek rather goes through the extended property line of lot 52 and my lot 53. Again this is not addressed in any of the drawings. I have a dock and believe this extension would limit the way in which I bring my boat into the lift. It also is precipitously near to the wetlands which are already struggling to maintain their hold. My thoughts and concerns have not changed with the revision, I still object to the extension. Respectfully, Jean McCullough, owner lot 53
