My public comment is a big NO to a project of this scale in a Quaint cul de sac off Herring Creek! Way over the necessary scale of anyone else in cul de sac. Ecologically and visually intrusive on others in adjacent areas. I hope they resubmit with a scaled down plan so they can enjoy their proximity to waterway with a lot more sensitivity to neighbors and local kayakers. Thanks, Dennis G Barton. PS: I look forward to future hearing updates.

Hello,

Thank you for submitting your comment regarding the Pubusky/Taylor project located at 23854 Brant Circle Lewes, DE.

At this time, the public hearing has been cancelled and will be rescheduled (to be determined). The below link can be used as a point of reference regarding the project.
