

Subject: Pubusky/Taylor Docket #2021-P-W-0016

Date: Saturday, July 24, 2021 at 10:45:13 AM Eastern Daylight Time

From: Mary Ann Wonsala

To: DNREHearingComments@delaware.gov

It would be redundant to restate what my neighbors have adequately reported, but we would like to be included in their concerns over this project.

We feel that this project exceeds the need for a docking station with platforms and floating dock.

We agree that a more reasonable, scaled-down structure should be considered in keeping with the surrounding docks in this area.
