Request of Public Hearing

RE: 7 DE ADMIN Code 1102 Natural Minor Permit Application Highland Warren LLC (formerly Twinco Romax (LLC) increase productivity at 1 Crowell Road, NCC

It has been brought to my attention that Highland Warren/Twinco Romax LCC would like to expand their operations at the MacArthur/Lindbergh Ave. location. I am requesting a public hearing with the following neighborhoods contacted: Pleasant Hills Estate, Pleasant Hills, Silview, Tuxedo Park, Glen Burnie Estate, and Town of Newport.

My concerns are, once the chemical tanks are filled, and they should erupt; according to the Fire Department, can blow up six square blocks. This company should have never been allowed in our neighborhood. This company needs to be in an industrial park far away from residential neighborhoods. Our State representatives never took this into consideration and because of their carelessness, created a dangerous situation. They also overlooked the tractor trailer traffic, work vehicles and foot traffic on our streets and sidewalks. This is our community not an industrial park.

Sincerely

A handwritten signature in blue ink, appearing to read "Vincent Ruff".
