Constituent Name: William F. Graney

Constituent Email: wgraney@resurrectionde.org

Constituent Phone:

Constituent DOB:

Constituent Address: 3000 Videre Dr , Wilmington, DE, 19808

Status: Assigned

Case Origin: Web

Referred To: DNREC

Request Type:

-----  
Short description: DNREC proposed location of Anaerobic digester  
-----

Detailed description:

While making constructive of poultry waster, The locator for such a process should be in an

industrial zoned area. I understand that the proposed site is a half mile from a mobile home park that has low income or poor people living there. Please reconsider the location of this methane refinery.
