Bioenergy Revised Resource Recovery Facility application

May 2022

- Solid Waste Management Facility Application
- Proof of Ownership
- Plan of Operation
 - Exhibits
 - 1 Overall Site Plan
 - 2 AD Facility Conceptual Site Plan
 - 3 Aerial Map of Facility
 - 4 USGS Map of Facility
 - 5 Compost Facility layout
 - 6 AD Process Flow Diagram
 - 7 Contingency and Emergency Response Plan
- Engineering Report
 - Appendices
 - A Proposed Facility layout drawing
 - B Mass and Energy Balance Reports
 - C Simplified Process Flow Diagram
 - D Project Milestone schedule
 - E Construction Safety
 - F Operations Safety Manual
 - G City of Seaford Wastewater Commitment Letter
 - H Wastewater Treatment Process Flow Diagram
 - I Wastewater Treatment System Mass Balance
- Recycling Analysis
- Hydrogeological Assessment
- Environmental Assessment
- Site Maps
 - ALTA/NSPS Land Title Survey
 - Solid Waste Storage Boundaries
 - Topographical Map
 - Locations of Wells
- Proof of Zoning, Permit Applications
 - Proof of Zoning Sussex County
 - Sussex Conservation District Standard Plan Approval
 - Sussex Conservation District Stormwater Plan Approval
 - DELDOT Letter of No Contention (LONC)
 - Delaware State Fire Marshall Approval (revised)
 - Letter of Transmittal to DNREC -- Air Permit Applications (generator, oxidizer, flare) LOT
 - Letter of Transmittal to DNREC – Wastewater Construction applications from Scott

- Conceptual Closure Plan
- Financial Responsibility for Closure (submitted separately by BDC)
- Siting Criteria
 - Wetlands figure
 - Floodplain (FIRMette)
 - State or Federal Wildlife Refuge, Park within 1000 ft
- Completed Applicant Background Information (submitted previously)
