Email with inspector Cody Letsinger informing him of the pit, requesting he take a photo, and recommending water be tested.

Cody,

The attached photo shows what appears to be an illegal borrow pit in the parcel adjacent to the Piney Neck wastewater facility with a path leading to it from the facility. You may want to have that water tested to see what's in it.

Thank you.

Thank you, Cody. I really appreciate you trying to help. The next time you inspect Piney Neck, please take a photograph of the path that leads into the woods toward that borrow pit. I would like to see what it looks like from the facility.
