Comments:

The are needs to accept that it is growing too fast. There needs to be modern waste water facilities. Moreover, I'm well aware of Mountaire's illegal dumping activities. The government should hold Mountaire accountable and prosecute them to the fullest extent of the law. We need modern waste water facilities that can't easily be used by Montaire. I have family and friends in the area and I worry greatly about their health. I refuse to take my family to the area and expose them to the toxic water. Who wants to go to a place with the most polluted water in the country?
