### Legal Notices

**DNREC - Groundwater Discharges Section**  
**LEGAL NOTICE**  
The Department of Natural Resources and Environmental Control (DNREC), Division of Water, Groundwater Discharges Section will conduct a public hearing (Hearing Docket #2022-PW-0009) on Tuesday, May 10, 2022, beginning at 6:00 p.m. to consider comments from the public on Sussex County Council's (the County's) Application and Proposed Draft Construction Permit for the construction of the Phase 2 upgrade and expansion project at the Inland Bays Wastewater Treatment Plant (IBWT) including a constructed wetland demonstration and re-use of the IBWT's disposal activities, and use of new systems.

### Legal Notices

**Virginia Materials, Inc.**, a Delaware corporation (the "Corporation"), was dissolved on April 5, 2022. This notice is being delivered pursuant to Section 280 of Delaware General Corporation Law.  
By this notice, the Corporation requests that persons with claims against the Corporation present them in writing to the Corporation at the following address: 300 Corporate Parkway, #1130, Amherst, New York 14226.  
All claims must be presented in accordance with this notice and must include supporting documentation evidencing (i) the name and address of the claimant, (ii) the amount and nature of the claim, and (iii) all back-ground documentation and references supporting the claim.  
All claims must be received by the Corporation on or before June 30, 2022.  
All claims against the Corporation will be barred if not received by June 30, 2022.

### Legal Notices

**Construction Permit**  
Sussex County Council has applied for a State of Delaware Construction Permit for the Phase 2 upgrade and expansion project at the Inland Bays Wastewater Treatment Facility (IBWT). The Phase 2 project's scope includes increasing the facility's treatment capacity from 2.0 million gallons per day (MGD) to 4.0 MGD by installation of new screening and grit removal systems, constructing two additional biological nutrient removal (BNR) biologic aeration lagoons, constructing two new clarifiers, and upgrading existing pumps, blowers, biosolids, filtration, and irrigation pump systems.  
The Phase 2 upgrade and expansion will also increase disposal capacity from 2.05 MGD to 4.0 MGD on an annual average basis by adding approximately 347.9 wetland acres of County-owned forested land. Treated wastewater will be pumped from the IBWT effluent storage lagoons and distributed to nearby fields with fixed-head sprinkler systems. The distribution system consists of 17,500 ft of 16" PVC C900 distribution lines which feed 186,960 ft of 4" PVC C900 lateral lines that connect to the sprinkler head.  
In addition, the Phase 2 upgrade and expansion project includes the construction of a constructed wetland to research and demonstrate the effectiveness of wetland systems to remediate local groundwater aquifers, serve as an innovative alternative to treated wastewater storage, and provide an enhanced treatment disposal option.  
The construction project is to be located on the north side of County Road 306, between County Road 307 and 303, Sussex County, Delaware. Sussex County Tax Parcel Numbers 234-22-16, 234-16-00-90-00, 234-21-00-171-00, 234-16-00-28-03, 234-16-00-28-00, 234-16-00-22-01, 234-16-00-22-01.

**Operations Permit**  
Sussex County Council is currently authorized to operate and maintain an onsite wastewater treatment and disposal system (OWTDS) known as the Inland Bays Wastewater Treatment Facility (IBWT). The IBWT receives and treats domestic wastewater from the County's service territories and the facility consists of headworks with screening and grit removal systems, two biological aeration lagoons for biological nutrient removal (BNR), two clarifiers, biosolids handling, storage, and dewatering facilities, a chlorine contact tank for disinfection, and two effluent storage lagoons. Up to 2.65 MGD of treated wastewater is discharged to 432.5 acres of agricultural fields via eight center pivot spray irrigation systems. This Phase 1 project is operating in accordance with the County's State of Delaware OWTDS Operations Permit No. 359141-35.

Sussex County Council has applied to renew their State of Delaware OWTDS Operations Permit for Phase 1 operations and to authorize
