With all due respect, WE ARE NOT CALIFORNIA AND WE DO NOT WANT TO BE LIKE CALIFORNIA!!! Your Electric Car Mandate will so adversely impact Delawareans, many will never recover financially. I'm talking about the cost of the vehicles, the cost for the replacement batteries and the cost to install plugs in our residences. This country is a free market system where the consumer gets to choose - not be mandated our choices - it's basic Economics. Because of the financial burden you are imposing on all Delawareans, we should at least be able to vote on this mandate. PUT THIS ELECTRIC CAR MANDATE TO A VOTE WITH A SPECIAL ELECTION.
