I just purchased a 40,000 dollar bmw and would love to be able to continue to drive it until and after I pay it off which wouldn't happen if your bill is passed. As well as I wouldn't be able to afford another car let alone an electric one. Please stop this Mandate. We the people are just getting by as it is with our bills and everyday living. Leave well enough alone there's much bigger issues to handle then telling us what we can and cannot drive!! Thank you
