Comments:

No to the EV Mandate (Low emission vehicle program) I cannot afford an EV, it is not convenient and will drive (pardon the pun) people away from DE. We are not California, just look at how that state is in economic disarray. Also, it is against the DE Constitution to force people into taking action that they don't willfully want to participate I am not against EV's. But it should be peoples choice, not a mandate. This is not China.
