The thing that makes America an amazing place to live, draws people from all over the world to come live here is freedom. Our freedom to choose what we want, how we want to live, how we want to talk, where we want to live and what we want to drive. The government should not be allowed to regulate such freedoms with laws and mandates. We the American people have the freedom to do what we want with out it the government dictating to us what we are and are not allowed to do or buy
