Comments on 2022-R-A-0011: Low Emission Vehicle Program

Name: Michael Poczynek

Phone: 3027439783

Email Address: mpoczyn@comcast.net

Organization: NA

Comments:

People should not be forced to purchase electric vehicles. It should be a choice. Electric vehicles limit the range that one can travel. These policies suggest that this will improve the environment, but the process it takes to mine the materials to create batteries does more harm. This whole climate change philosophy is based on lies. These lies have been ongoing since the 70s. And just because California chooses to do something, it should not impact other states.
