I oppose the subject mandate! I feel that it is an example of government overreach and negatively reflects on American civil rights. I immigrated to the United States and have been an American citizen for over 30 years now. This mandate contradicts the principles of democracy that I fell in love with and appears more like life in a country such as Cuba. Please reconsider the mandate and develop a more equitable, democratic solution to perceived environmental issues. Thank you! Sincerely, Ouzana Morgan 703-403-9048 Dover, DE
