Please be advised that I (Richard Snow, 21699 C St, Rehoboth Beach, DE 19971) am opposed to the EV mandate. This mandate is consider to be in my opinion a violation of my free rights. You are forgetting where this Nation first began and where the rights of its citizens began. This is DELAWARE not delafornia.

I am not opposed to everyone's right to choose to buy an EV. I oppose the mandate.
