Comments:

I do not believe Delaware should enforce any resident to conform to the emission vehicle program. Delaware is taking my rights as a US citizen to decide on what I can purchase for use. I-95 passes through Delaware with many vehicles using this interstate. We have beaches with many visitors from other states NOT enforcing emissions bills on their residents. So is Delaware going to reroute all this traffic to prevent their emissions from coming into the area? Stupid question, right? That is how I feel about 2022-R-A-0011. There are also issues with farm equipment and no answers for our farmers. I am fully against 2022-R-A-0011.
