Comments on 2022-R-A-0011: Low Emission Vehicle Program

Name: Roger Cohee

Phone: 3024928486

Email Address: rogercohee@comcast.net

Organization: No

### Comments:

I think this act should not become law. People will not be able to afford these vehicles and certainly not the large senior population in Delaware. The infrastructure for the battery power will not be place to institute this law. No matter what you do the energy for these stations will need fossil fuels to provide most of the power. Those who are left with gas vehicles will certainly pay more for gas as the state will certainly raise taxes on it to make what they lose by people that do get a electric vehicle. It is a lose lose situation for all citizens of Delaware. Please stop this now.
