Comment / Question: I am a citizen of the State of Delaware and I would like to express my opinion on the Government MANDATING that the citizens of Delaware purchase Electric Vehicles starting in 2035. I am VERY OPPOSED to this, and Firmly believe that this is Government Completely Overreaching it's Authority provided by the Delaware Constitution. Please STOP this insanity and concentrate on the More Important issues of Our time, like Inflation, Healthcare in Delaware.... Thank You Mike Schmith
