Priority: High

Dear DNREC:

Carbon dioxide is not a pollutant in our atmosphere. It is an essential element in the atmosphere. More CO2 means more food for all the trees and plants including agricultural crops that 8 billion human inhabitants and all animals on the Earth eat every day.

In other words, the existential threat of CO2-caused global warming is a TOTAL FRAUD THAT AL GORE MADE FAMOUS SO THAT HE AND HIS RICH BUDDIES COULD GET EVEN RICHER. NOW THE GLOBALIST WANT TO USE THIS TOPIC TO TAKE TOTAL CONTROL OF THE LIVES OF 8 BILLION PEOPLE ON THE EARTH.

I TOTALLY OPPOSE DNREC'S EFFORTS TO END THE SALE OF INTERNAL COMBUSTION ENGINE VEHICLES IN FAVOR OF ELECTRIC-MOTOR VEHICLES ONLY. THIS EFFORT WOULD TOTALLY DESTROY THE ECONOMY OF THE USA AND MAKE THE USA TOTALLY DEPENDENT ON COMMUNIST CHINA, WHICH IS CURRENTLY CONTROLLING THE USA THROUGH PRESIDENT JOE BIDEN.

ALSO, THIS INITIATIVE VIOLATES THE COMMERCE CLAUSE IN THE U.S. CONSTITUTION WHICH RESERVES CONTROL OF INTERSTATE COMMERCE TO THE U.S. CONGRESS. CLEARLY VEHICULAR SALES AND USAGE ARE PART OF INTERSTATE COMMERCE. YOU ARE GOING TO LOSE EVERY SINGLE FEDERAL LAWSUIT IF YOU PERSIST IN THIS TYRANNICAL MADNESS, INSTITUTED BY DELAWARE GOVERNOR JOHN CARNEY.

Sincerely, Robert Fischer, Lewes, DE
