Mandate Does Not Equal Freedom I was born in America and an American Citizen. Just that alonr equals Freedom. I should not nor anyone else be forced to purchase anything let alone an EV that I do not want or can even afford. Forcing this on citizens of Delaware and ultimately the USA is morally and politically wrong! Now, I believe that we should be allowed the option to purchase whichever fuel type car we want! Free choice is American. Stop this mandate. No to forced EV only vehicles!
