MY WIFE AND I STRONGLY OPPOSE THE ELECTRIC VEHICLE MANDATE.

IT BIG GOVERNMENT OVERREACH – STAY OUT OF OUR LIVES!

Total disregard of the cost on your citizens – how are you going to install charges at many locations such as apartments and condos

There is no infrastructure to support evs

Not enough power grid

80% of electricity is generated from fossil fuels anyway – what's the gain?

You need to have a plan – not just pass laws that hurt us.

Vote no and stop this madness.

Regards,
Richard and Karen Stoll
