Hi,

I'm a staunch supporter of the mandate. To me it's pretty straight forward, it's about the environment in addition to not being beholden to OPEC. This below pretty much sums it up for me. I have owned EVs since 2019 take long trips in it and these trips do take a bit longer but its not so bad. Mandates like this are needed to make sure people in society are acting in the greater good. Good for the many outweighs the good of the few...
