DNREC  
Office of the Secretary

PUBLIC COMMENT  
2022-R-A-0011: Low Emission Vehicle Program

What is your name? Marchel Pitcher

Are you a resident of Delaware? (Check one)

Yes  No

Are you offering your comments as an individual citizen, or do you represent an organization? (Check one)

Individual  Organization (Please provide the organization's name.)

Do you support or oppose the proposed Low Emission Vehicle Program, which seeks to restrict and eventually eliminate the sale of new gasoline and diesel-powered cars, light trucks, and SUVs in Delaware? (Check one)

Support  Oppose

Do you wish to offer additional comments in support of your position?

Electric CARS Are Not Helping  
the environment. People are  
struggling to put food on the  
table in this horrible economy →  
inflation at record levels & ~~turning~~ turning off  
our countries energy resources. How  
in the world are people going  
to afford new cars? Please  
stop shoving your bad ideas  
down our throats & Ruining this  
country!
