

Subject: Fuel-Powered Vehicle Sales Ban

Date: Thursday, May 25, 2023 at 10:47:40 PM Eastern Daylight Time

From: Maryann H

To: HearingComments, DNREC (MailBox Resources)

I OPPOSE DNRECH's ban of new cars powered by gasoline or diesel.

Most important reason:

The PEOPLE of Delaware via the DE Legislature should decide this issue and not DNREC.

The people of Delaware have been ignored on this issue and this is an extremely regrettable state of affairs.

Additional reasons for opposing the ban:

- 1) High cost of EVs
- 2) Taxes pay for EV subsidies
- 3) Charging station issues
- 4) Electric grid issues
- 5) Battery issues (cost of materials, lifespan, environmental impacts in other countries).

Thank you,
MaryAnn Hacker
