Comments:

I am against DNREC imposing this EV mandate. I am against DNREC being able to impose regulations that will have such a profound economic impact on the people of Delaware. I believe DNREC is considering only the "tailpipe" effect of these regulations and not the overall impact of the EV infrastructure, mining of lithium, power to charge the vehicles and battery disposal. This type of regulation, with such a public impact, should be put on the ballot in November so all registered voting Delawareans can make the decision. Dave Baum Bridgeville, DE
