This mandate is the most extensive assault on our free enterprise system in history without a vote. You do NOT have the authority to regulate what mode of transportation I choose as a free American and I will NOT comply with any such mandate. You were not elected by the citizens of Delaware, the majority of whom do NOT want this mandate. I will work to remove you from office and to remove other unelected bureaucrats who legislate like you do. There WILL BE consequences for this action. Mary Bussler
