I'm very much against electric vehicle mandate. I think many of us work very hard to earn a living and if we want to buy a gas powered Jeep or pickup truck there should not be anyone to tell us we cant. We will just have to purchase vehicles in other states . Electric vehicles are very expensive to buy and highly expensive to work on if there are issues. I want a vehicle if I want to drive across country I want to be able to stop for a few minutes fill up and be on my way
