I am a DELAWARE Resident.

NOT a California Resident.

When are the Delaware Democrat reps and so called Democrat leaders in Delaware going to realize that we are in DELAWARE NOT California?

DNREC's illegal seizure and overreach of authority to push this EV MANDATE on the PEOPLE of Delaware is a disgrace.

I as are the majority of DELAWARE residents are totalay against this farce!

DNREC has not been given this authority by a law passed by the Delaware legislature. AND Dictator Carny has over reached his authority by pushing this detrius!

I remind you of the two RECENT Supreme Court decisions agonist the EPA's overreach and seizure of power by putting our regulations and mandates that they have not been given the power and authority to do so.

DNREC- and Gov Carney- your turn is next!

This EV Mandate not only exceeds any authority, but also is an illegal taking of private property and of livelihoods, totally forbidden by the US Constitution.
