Hello Hearing Members and other Officials,

As someone who has traveled to other states as a kid and still do as an adult to trout fish, I'm excited to see Delaware's program grow and fully support adding more public opportunities as spelled out in the proposed regulations.

As you are well aware anything we can do to get today's youth more connected to nature is worth the investment. Please let me know if there is any way I can help support this effort even more.

Thanks for the opportunity to respond,
Darren Lawson
Harrington, DE
