Good morning I'm reaching out to you to let you know that the DNREC Division of Fish and Wildlife has initiated the process to revise numerous regulations within its administrative code. The Division proposes to make changes to 19 subsections of the regulation that pertains to the management and conservation of wildlife including activities involving hunting, trapping, fishing, nuisance wildlife control work, and activities authorized on Division owned lands As part of this effort, we wanted to notify those entities and organizations that may have an interest in some of the proposed changes. For more information about the process, to review the proposed changes, and instructions on how to provide comment or feedback in writing or at an upcoming public hearing, please visit:

https://dnrec.alpha.delaware.gov/events/public_hearing_wildlife_regulations/

If you have any questions about the process, or have any trouble accessing the information, please reach out to me. However, if you have any comments about the proposed regulations, please provide those via the established procedures described at the website provided Such comments should not be submitted directly to me as they will not be considered part of the public record.

Thanks,

Joe
