Date: May 1, 2023

RE: Comment received during March 22, 2023, Public Hearing (Docket #2023-R-WS-0004)  
on Proposed Revisions to Erosion and Sediment Control Guidance Documents

---

In reference to Docket #2023-R-WS-0004 on Proposed Revisions to Erosion and Sediment Control Guidance Documents, the only comment received was a verbal comment presented during the hearing. The comment, made by Mike Stang representing the Delaware Hauler's Association, was specific to two topics that are not part of the proposed changes to the Erosion and Sediment Control Handbook. No further comments were received during the hearing nor submitted during the comment period that followed.

While the comments presented by Mr. Stang were not germane to the matter under consideration in this hearing, as Mr. Stang himself indicated, the Department is appreciative of the comments and will take them into consideration when the Department seeks to modify the relevant authority and supporting sections of programmatic guidance documents.
