Comments on Docket #2024-P-MULTI-0007 -- US Wind Project

Name: Bill Rienhoff

Phone: 4103752737

Email Address: wriehoff@mac.com

Organization: Homeowner in Cotton Patch Hills

Comments:

I'm concerned about the impact of dredge material from the US wind project on the channel connecting beach cove with Indian River. The water in the channel is currently very shallow and any dredge material would have a big impact on the ability of boaters to navigate the area. I hope you will be careful in where you place the dredge material but also consider clearing out the channel which hasn't been done in sometime.
