Comments on Docket #2024-P-MULTI-0007 -- US Wind Project

Name: Carole Beutel

Phone: 7036245659

Email Address: cewuva@gmail.com

Organization:

### Comments:

I am against DNREC approval of the USWind access point at the Indian River Inlet. I believe the installation of the transmission lines will disturb the natural environment both at the beach and in the bay. If this was any other industry, this project would not be even considered. Please do not approve this project. It will only cause damage to the Indian River area.
