Comments on Docket #2024-P-MULTI-0007 -- US Wind Project

Name: Cindy Berger  
Phone: (845) 863-6097  
Email Address: fairygodmother59@verizon.net  
Organization: No

**Comments:**

I am against wind turbines in the ocean. The impact to ocean life is tremendous and the balance of nature is more important. Water power, solar power - all cleaner and don't affect the environment like turbines in the water. This will affect people's livelihoods as well. When so many folks are so against something, there is good reason.
