Comments on Docket #2024-P-MULTI-0007 -- US Wind Project

Name: Colleen L Wilson

Phone: 410-570-3629

Email Address: clw728@comcast.net

Organization: Fenwick Island Environmental Committee

Comments:

The Environmental Committee of the Town of Fenwick Island, Delaware (19944) is firmly opposed to DNREC granting any leases/permits to US Wind for underground cables under the Delaware beaches and through the Indian River Bay. This project would impact the local environment and community in a negative manner. It is not in keeping with the mission and values of DNREC, a public agency charged with protecting our fragile coastal environment. Colleen L. Wilson, Chair Fenwick Island Environmental Committee
